

# Dominican Republic: Jackefine

## Administrative Assistant

Jackefine is a woman in her mid-twenties living in the capital of the Dominican Republic. She is currently attending **university** and working as an administrative assistant. In her free time, she supports **feminist causes**.

Until recently she lived with her family, but she now lives with a friend. Her favorite social network is **Facebook**, which she uses to confidently publish her daily activities. She has a mobile data plan that allows her to use Facebook and **WhatsApp**.

"I'm frustrated that women continue to face violence online."

## Goals

She wants to learn how to use **social networks** and applications to express herself in safe ways.

She wants to be able to explore her sexuality without facing **harassment online**.

**#privacy #socialmedia**

## Threats

Partly Free  
(Freedom on the Net 2017)

Explicit, sexual content of Jackefine was **published on social media** and other platforms by her ex-boyfriend.

She is now receiving a wave of **offensive and sexist messages**.

Her phone was also **compromised** and the photos were sent to all of her contacts.

**#identityexposure #info\_leak**

**Internews**  
Local voices. Global change.

## Strengths

Jackefine owns various devices, including a **mobile phone** and a **tablet**.

She has a very strong **support network** of friends and coworkers.

She is an experienced woman and she **knows her rights**.

## Questions

What do I need to do to **express myself safely**?

Are there applications that allow you to **protect your identity** when sending elicited photos?

How can I prevent the spreading of my photos **without my consent**?
